**Dont WASTE your money..**, Oct 4th, 2006

Reviewed By: mikeyt\_usa

I purchased this 50 peice of crap....and man was i disappointed..this guy was cursing at me on his website saying i was a moron...for asking simple questions...he thinks hes better than everyone else and doesnt offer any support...I looks ok in the demo but then you get it and realize that whats in the demo is ALL you can do with it...

seriously go to his site and look at the forums...none of the questions ever get answered!
