FM Click Tracker

Hits: 4,982

Description: Ever wanted to know what link on your web site is clicked the most? Click Tracker allows you to count the amount of clicks received on links. It comes with a user friendly admin interface that displays the amount of clicks for each link with a accompanying graph. Supports mysql for superior accuracy.

The easiest script i found EVER!!!!!!, Oct 25th, 2001

Reviewed By: rodeoman995

This is an excellent script. Easy admin interface with easy log viewing with a graph.

Thanks
Daniel
