ClickAffiliate PRO

Hits: 1,791

Description: ClickAffiliate PRO is an affiliation script based on a MySQL database for improved reliability and click efficiency. It features: anti-fraud systems, click URL origin check before validation, powerful management of affiliates, affiliate login for stats and earnings, and allows 2 tier commissions up to 2 levels. It can manage pay-per-click, per lead and per sale, and can be easily integrated into shopping carts through the image link method.
