DataCat Database Utility

Hits: 5,577

Description: DataCat is a high-impact developer's tool that allows you to present your data in a variety of ways it needs to be presented. Whether it be a directory, a classified ads system, real estate listings, or a variety of other scenarios, with a simple installer, fully customizable set of templates, user accounts, and powerful search features, DataCat makes it easy to present your data on the Web.
