ActivePython

Hits: 6,133

Description: ActivePython is the industry-standard Python distribution, available for Windows, Linux, Mac OS X, Solaris, AIX and HP-UX. Developers worldwide rely on ActivePython's completeness and ease-of-use, while corporate users protect their infrastructure and stay competitive with quality-assured ActivePython business solutions.

ActivePython is 100% compatible with the reference distribution of Python. Code tested with ActivePython will run on any Python installation that has the appropriate extensions installed.

Resource Specifications
