Excel and Word MIME Types (UltraDev Extensions)

Hits: 6,733

Description: Quickly insert MIME Type for Excel or Word on your ASP page. These are nothing fancy, just simple shortcuts to change the MIME Type or Response.ContentType in your ASP page. Doing so will load the page in a Web browser as an Excel or Word document. The user can then save the document as Excel or Word directly from their Web browser.

Resource Specifications

Version:	1.0
