HiShop (Free)

Hits: 5,878

Description: HiShop is an online product display solution, combined with a complete shopping basket / cart utility, and online content management system. This allows the website owner to easily manage their online shop, and for customers to browse & select products, for online purchase. Online shop owners can easily update their stock, add new stock categories, set prices, tax and shipping rates, add photos all online via secure, intuitive web interfaces. Online shop users can browse products for sale, plus add, remove and adjust items in their basket / cart. External HTML templates allow for easy re-design of client facing elements and re-branding. The Admin area also contains settings for display layout format, font settings, image sizes etc.
