Auto-HomePage

Hits: 7,775

Description: Auto-HomePage provides your members with the ability to custom-design their own start page on your site within minutes. This software modules pulls in data from various sources and creates an internal portal page for your site. Auto-HomePage also includes an Address Book, ToDo List, Email Reminders, Bookmarks and much more. You can also include targeted daily/weekly news and content to keep your visitors up to date.

Auto-HomePage shares an integrated backend - account management, billing, advertising, templates and administration - with over 25 other pluggable software modules. You can add grow your site as your needs expand all using a single integrated suite. No more multiple logins and inconsistencies.
