## Multiple Users Prompt

Hits: 10,706

**Description:** This JavaScript is just like the previous Multiple Users one, but doesn't use a table interface to login. Instead, after clicking the Login! button, the script will prompt users for their username and password, and then perform the password-protection.

### Resource Specifications

<b>Platform(s):</b>	Independent
<b>Price:</b>	Free
<b>Date Added:</b>	Aug 22nd, 1999
<b>Last Updated:</b>	Aug 22nd, 1999

**Average Visitor Rating:**  **4.00** (out of 5)

Number of Ratings: 15 Votes

**Average Member Rating:**  **0.00** (out of 5)

Number of Reviews: 0 Reviews
