CJ Tagboard, Feb 2nd, 2005

This is the best FREE PHP Tagboard out there. I have tested 6 PHP FREE tagboards and this is the only one that would send the admin email when someone posts to the board! I liked that it was very easy to set up this was the first PHP tagboard I tested. I generally test several scripts before settling on one. This was the best first time through!! Still is and I highly recommend it! CJ accepts donations and please do take time to send him a few bucks! This tagboard is sure to be a winner with anyone!! One thing I would like to see in this script and any of the tagboard scripts, is some sort of spam filter. The IP banning works great! But babysitting spammers is yucky! haha At anyrate, for FREE This is the BEST BEST BEST.. did I say BEST? Great Job CJ!! You get a 10 from me! to heck with 5.. haha
