# FlashCart for PayPal

Hits: 2,153

**Description:** FlashCart is a Flash based Shopping Cart that was designed to work with PayPal. The cart is fully integrated with PayPal to accept multiple item purchases. The cart is scaleable from 10 to 75 (and more if needed) products which can be changed/updated from an external text file where all of the product descriptions and unit price valuables are stored. The color of the cart can be customized to match any site's color scheme. It also has the ability to display images of each product as the cursor rolls over each item.
