# CSS Multimedia Filters for IE5.5 Reference

Hits: 3,010

**Description:** Free interactive reference, covering the usage of multimedia filters and transitions of the Cascading Style Sheets. Each filter is presented in complete details, features direct copy-and-paste source code and the transitions come with example script. CSS FILTERS REFERENCE 1.0 includes also links to CSS resource sites and cool and easy to use interface. Due to the nature of these filters and transitions they (as well as the reference itself) work with Microsoft Internet Explorer only. Preferably version 5.5 or higher.
