Best rate and review script. By far., Nov 23rd, 2007

Reviewed By: LewisPie

Great admin page making this one of the most flexible review scripts out there.

Very helpful support with installation from the owner. He was also open to ideas to develop this script too.

This is a damn fine script and after searching all over the internet one that I can thoroughly recommend. If you're looking for a review script then get this, you wont be disappointed. No really.
