ONE - Client Management System

Hits: 15,584

Description: ONE is a complete customer management system designed for small to mid-size businesses. It's modular content makes it easy to add new functionalities to meet the growing needs of your clients and business.

Features:

Add/delete/edit clients and invoices
 Manage customer mailing list, employees, and calendar
Manage client info and invoices from your wireless device
Maintain a company-wide and client-specific calendar
Automatic invoice creations and status updates
Automatic client notices and invoice biling
Download/Export financial forecasts
View monthly expenses and reports
and more...
 ONE comes with a wireless component that allows site administrators to manager clients and invoices, directly from your phone or any wireless enabled device. Send a notice to one or all of your customers. View and post invoices. Register payments and export reports to Excel. Look at a snapshot of your monthly expenses, expected income, and projected income. Do it all with ONE client management tool. Do it with ONE.
