Stocks Watchlist Applet

Hits: 2,002

Description: Stocks Watchlist presents at-a-glance overview of stock market action. With a multi-column grouping of symbols, you can let your visitors monitor real-time values for a large number of stocks. The field displayed can be selected by a simple click from three choices, whenever user wants. Main feature of this applet is the large versatility: by setting HTML applet parameters you change sizes, fonts, colors etc to reach whatever look and functionality you want.
