NetPlugin Shopping Cart & Ecommerce Store

Hits: 888

Description: Setup an online store to sell products online. Customize your store using your favorite HTML editor with plugins for FrontPage and Dreamweaver. The backoffice application - NetPlugin Backend - and your data are completely managed and hosted by NetPlugin. The store front shopping cart is hosted on your server and communicates in real-time with your NetPlugin Backend. NetPlugin is PayPal enabled to seamlessly accept PayPal payments.
