# AD~Cents - The Complete Ad Management Solution.

Hits: 3,914

**Description:** Making Cents with Sense.

This is the hardest part..., describing it..., because just the features would easily take 2 or more of these hotscripts pages!

In short, AD~Cents supports GIF,PNG,JPG and FLASH ads PLUS ability to run text ads,HTML ads and "multimedia" or "NewMedia" ADS, you can also run javascript ads (pop ups, pop unders etc)

You can run the following kinds of ads: PPC,CPC,CPM,DAILY,monthly, yearly, automaticly expiring and other forms of advertising.

Two easy but extremly powerful control panels, one for you as ADMIN and the second for your clients.

Already our ad software is powering 2 differient internet portals, its against hotscripts rules to post the names/urls here so please visit our website for demos and their URLs.
