# Omnistar Mailer autoresponder and email marketing solution

Hits: 21,649

**Description:** Omnistar Mailer is a php web based autoresponder and email marketing solution that will allow you to setup and manage email list campaigns, customize html emails and setup a series of autoresponders emails to stay in constant communication with your customers. With Omnistar Mailer email marketing software you will be able to easily follow up with clients using autoresponder emails, track the success of each campaign sent by viewing detailed graphical statistics and personalize each and every email sent to your customers. The autoresponder software is designed to allow users of all experience levels to successfully setup and manage their email list campaigns through a clean administrative interface. Webmasters can even private label our solution, brand the product as their own and resell to their client base. Through the administrative interface, users will also be able to setup and customize their own newsletter registration forms using our easy to use built in form builder.

**Omnistar Mailer is a Great Product!!**, Jul 24th, 2006

Reviewed By: mikefields

Omnistar Mailer is really a great Mailing List manager software. I was able to get it up and running very easily and I now use it to manage my email campaigns that I send out to over 30,000 people every week. I don't know what I would do with out it!

**Easy Email Campaign Management**, Nov 27th, 2006

Reviewed By: jakesimpson

With the Omnistar Mailer Email Mailing List Manager software I was easily able to setup and manage my email list campaigns. It had tools that allowed me to import my current list, build a personalized HTML email and even track statistics of the campaigns that I sent out.
