# Flash MX | PHP Tell a Friend

Hits: 3,929

**Description:** Flash MX | PHP Tell a Friend is a simple way to add a tell a friend script to your flash website. Visitors simply enter their name and email address as well as their friend's name and email address and hit send. Thats it. The person that recommends your site will receive a thank yo uemail and the person that your website is recommended to receives and email containing the link. You can customize the thank you email as well as many other attributes.
