# img-counter

Hits: 3,467

**Description:** A simple graphical counter, which uses cookies and text-files. The script is called by a regular img-tag on your html-page. When a certain number of new visitors is reached, a mail will be sent.

The script is REGISTER\_GLOBALS-compatible. It uses png-files to work with the latest version of the GD-lib. No programming-skills are required to use this script!

## Resource Specifications
