BAC Blogger

Hits: 2,888

Description: Allows you to host an unlimited of blogs for people who become members of your site. Each member gets their own personal blog with space to upload images, add messages, edit comments, manage their blog rolls, publish RSS feeds, etc. All this is done through an attractive and easy-to-use interface that you can customize. Multiple templates can be offered and a dynamic directory of hosted blogs will allow visitors to find other blogs of interest.

BAC Blogger shares an integrated backend - account management, billing, advertising, templates and administration - with over 25 other pluggable software modules. You can add grow your site as your needs expand all using a single integrated suite. No more multiple logins and inconsistencies.
