Love it!! This script is everything I looked for in a banner exchange. Very easy to set up, fast delivery, great features, inexpensive and support far better than scripts 5 more expensive. It has been a great pleasure working this team and I feel that they truly want 110% customer satisfaction. Buy it's a great value only \$45.00 and a much better script than others are charging for \$200.00

I purchased this script and within half an hour it was fully up and running! I was amazed to see how many features it has for a low priced script and it looks really professional, you can even change the colour scheme to suit your needs. The support team are very friendly and quick to respond in case you do need help but the instructions supplied are simple and easy to follow. I would recommend this script to anyone that wants to start their own advertising site.
