# Magia Accountant

Hits: 4,121

**Description:** Magia Accountant provides high-end accounting capabilities at a fraction of most competitors' prices. Features include: unlimited accounts & transactions, accounts receivable, accounts payable, balance transfers, account reconciliation, invoicing, estimates, check printing, payroll, customer management, recurring invoices, credit memos, refunds, supplier management, extensive reports, and preventative warnings. Best of all, Accountant is completely integrated with Magia Retailer, Magia Auctioneer, Magia ChainLink, Magia Affiliate, and Magia Timesheet. Magia Accountant is part of the Magia Business Application Suite.

## Resource Specifications
