# Building Dynamic Pages With Search Engines in Mind

Hits: 10,239

**Description:** This tutorial shows you how to make a site database-driven, but still indexable by search engines. It also explains how to create a site to be co-brandable whose look-and-feel are dependent on which "affiliate" site was being accessed.

this article is very good explaining on how to make a good site with dynamic pages; while remembering the Subject of indexing them on Search Engines.

Very Excellent
