# Clickbank Directory Script

Hits: 2,584

**Description:** Have your own instant directory to the thousands of great ClickBank® products, each automatically embedded with your own unique affiliate id! Plus, this directory system is packed with features you won't find in other scripts! Stores listings in the database by category. This makes for much more accurate directory browsing. Shows the total number of listings as well as the number of listings in each category. Your visitors see this and immediately know you have a large and successful directory worth looking at! Uses a template so you can easily customize to match your site. Shows category and search results in title. Plus, EasyCBMall can be easliy set up to display results as vertical text ads on pages with other content.
