uSignIn Web-based In Out Board and Personnel Tracking System

Hits: 1,574

Description: Easily track in out status of employees with uSignIn In Out software. Provides a centralized place where members can lookup phone numbers, email addresses and other contact information. An Integrated Message Center feature allows members to leave and read messages without use of any email accounts/servers. Easily communicate with and track employees via a user friendly electronic in out board! Now available uSignIn No Passwords Version designed for use when a single individual is responsible for keeping track of everyone in your organization.
