EZ Text Messenger

Hits: 2,354

Description: Robust Flash/ASP instant messenger for more professional instant messaging needs. From the same people who brought you the the Free Flash/ASP Instant Messenger. 100% Flash/ASP/Javascript. Features include: unlimited users, runs on your server, no database, very easy installation - just copy the files and go, no server components needed, no flickering page refreshes thanks to the almost entirely-flash interface, invite multiple users into a conversation, more like a real instant messenger, .fla and all .asp files included, add your company logo, perfect for live support and other CRM communications, easy integration into existing sites, 30 days free support with purchase. Users must have Flash installed and have javascript enabled.
