SFEBanner

Hits: 1,153

Description: This is intended to be a very simple way of rotating affiliate-based ads on your site. Just get the banner code from Commission Junction, Amazon, or other affiliation, add it to the rotation, and it will appear on your site using JavaScript or SSI. Since affiliates keep track of stats, this does NOT do any tracking: it's just intended as a simple way to rotate your affiliate ads.

Resource Specifications

Version:	1.0
Platform(s):	linux, windows, freebsd, sun
