Eazy Backup

Hits: 2,127

Description: The Eazy Backup utility is designed to make it easy for all users with any level of expertise to create a backup or archive file of popular applications. More importantly, Eazy Backup makes it easy to restore data from a backup or archive file.

Eazy Backup knows where the critical data is located and knows what data must be included to make an effective backup for an application.

Eazy Backup is the Intelligent Backup and Restore utility.
