Private-Chat Software

Hits: 1,955

Description: Chat live with friends, family or business contacts in your own private Chat Room. Private-Chat works for anyone, anywhere on the Web instantly! No extra software to download. Enhance your chatroom with our state-of-the-art Add-ons like a password for privacy. We install your chat room on a high-speed Web server, then email you the unique address within 24 hours, so no work is required on your part. Create an online community with our secure Members-Chat format or moderate chat sessions with our Moderator-chat. Select your chatroom's look and feel, we'll do the rest.

Resource Specifications	
Platform(s):	linux, windows, osx, sun
