# 123 Flash Chat Module for phpBB

Hits: 19,342

**Description:** This free module adds a live chat room to phpBB and following data can be displayed on phpBB frontpage at real-time: 1) chat room connection number, 2) logon chat user number, 3) chat room number, 4) chat user name list in chat all rooms. With the database integration technology, phpBB users won't bother to register or login again to use the chat room. The module is based on 123 Flash Chat Server Software, which is a high-performance java chat server and an amazing flash client. It's fast and reliable, easy and affordable way to host real-time chat room. The chat module turns phpBB more live and interactive!

the only thing that is "FREE" is the demo version that ends the chat every 10 minutes. false advertising. don't waste your time installing.

I am afraid that you misunderstand our AD. Our chat modules are really free. But the 123 Flash Chat Software is a shareware, and we announce it everywhere, even in our products site.
