# Cron MySQL Backup

Hits: 5,303

**Description:** Program can be run as a cron-job.  
In case of succes the backup will be emailed to you.(as a gz zipped file)  
In case of failure an error message will be mailed.  
Includes restore program.  
Some small changes to increase speed and add new field/index types.  
New version now has restore page with file deletion/selection

Based on PHP MySql Backup by the same author
