## Newsletter Mailer and Contact Management - FREE

Hits: 7,466

**Description:** Most users can send their first newsletter or email campaign in under fifteen minutes, and sending subsequent campaigns takes mere seconds. Even if you have no technical background whatsoever, E's Mailer makes it simple to create email marketing campaigns.

Includes:

- # A built-in database with unlimited lists and unlimited list size
- # Easy to use database filtering logic so you can select only qualifying people from your list
- # Automatic bounce handling and unsubscribe handling
- # Built-in email delivery server that frees you from email limits placed by your ISP
- # Unlimited email message personalization is easy: just drop in any field from the database
- # Easy, common-sense database functions: import, export, even edit your subscribers' records
- # On-screen HTML editor lets you build and preview your HTML email messages with no hassle
- # Save, view and reuse an unlimited number of email campaigns
