## Advanced Internet Kiosk

Hits: 679

**Description:** Advanced Internet Kiosk is intended for building Internet kiosks, public access PCs, or in-store terminals. It lets you disable access to files installed on your PC and prevent users from changing PC settings while gives full access to all necessary applications you specify including Internet Explorer. As a result, many people may have free access to a workstation you create, but none of them can damage (whether accidentally or intentionally) vit
