# ProxyInspector for WinGate

Hits: 739

**Description:** ProxyInspector for WinGate is a cost-effective solution for companies that use WinGate proxy to connect their corporate LANs to Internet. This tool analyzes the proxy server log files and produces comprehensive reports on bandwidth consumption by each individual or workgroup, sites visited, users' activity distribution by hours and days of the week, attempts to access blocked sites etc. Use this utility to fight cyberslacking and save your money.
