# MyHomePage : Get a Website in Just 5 Minutes - 10-Day Free Trial! Hits: 1,073

**Description:** Traditionally getting a website for your business meant spending thousands of dollars on a designer, software, support and hosting. This is not the case anymore. Get web hosting, email, ecommerce, shopping cart, newsletters and more for your website. Over 30 features ready to add at anytime. Authorize.NET and PayPal ready to sell from your own shopping cart. In the last few years a technology has been developed that will allow even the most novice user to build their own website for their business. Our newly introduced website building technology makes it easy for anybody to make a website and be online to the entire world in five minutes or less.

Just make a few selections and you can be online to the world to the amazement of your coworkers, friends and competition.

What used to take weeks and costs thousands, now takes minutes, looks better, is more powerful and costs from only \$21.95. This technology allows anybody, including those without any website building experience, to build websites as good as the professionals but without the hassles and the headaches. Getting started is as easy as visiting our website. Your new website is just five minutes away.
