A simple Gallery by Liquid Frog

Hits: 7,005

Description: Kiss Gallery is a gallery script that will allow you to showcase your pictures on your website. Just create two directories on your server, upload a few files, upload your pictures and you're good to go - that's it! Kiss gallery is a simple gallery that doesn't even require a database. It will automatically create thumbnails and display them in a neat way without any effort on your part. Really easy to set up and use. There are many choices when configuring the script and it will fit your site design perfectly. See the demo on the site. Supports any language.

Resource Specifications
