Don't buy this script!, Oct 24th, 2004

Reviewed By: bigkahuna

Please don't make the same mistake I made, I bought myAgenda 2.0 Pro and regret it. Before I bought it, I asked its developer, Mesut Tunga, several questions and checked out the demo. The demo is not fully functional, so it was hard to really evaluate it, so I took a chance and bought it. **BIG MISTAKE.** The script is just full of bugs, the installation instructions are wrong, and the developer hasn't responded to a single email. Since the only way to buy it is through PayPal, there's no way to get your money back. I'm out \$50 for a script that is barely 50% completed...
