# 123RandomImage

Hits: 2,127

**Description:** 123RandomImage is a simple PHP random image script that does not require MySQL or any other sort of database. Simple edit 1 line, upload, and your set to go! You do not require any knowledge of PHP scripting to install it. You can include random images into your pages by using the standard <img> tags, no adding PHP code into your pages again!
