# Datingwa

Hits: 1,189

**Description:** Datingwa is a comprehensive solution for online partner-search. On top of the basic features, it offers a remarkable variety of innovative add-ons like picture gallery, selection/sorting function, ecards-service, user guestbook and many more. This program is based on php & MySQL. Installation is quick & easy

try to install datingwa and allso ecardswa and linkwa and be presented by a lot of installerrors:

I have experience with the use of PHP and mysql but can't solve this problems. There is no way to contact the author from his own site en allso the forum is not working or even online
