bkbGameListing

Hits: 1,531

Description: Requires PostNuke .726+ - Current Feature Set

- * Upload boxshots for games
- * Define your own rating system for a site rating on the games
- * Plugin system that will show links to other modules that talk about that game (current plugs for News, ShortNews, Reviews, Downloads, Web Links)
- * Users can submit new games for approval
- * Users can select game listings by letter, by genre, or by platform
- * Block that lists the latest games added and can optionally be used to limit the block to a platform and/or genre
- * Hook enabled so Autolinks, EZComments, and Ratings can be used
- * Also pnCensor enabled
