Warning: Bad program, Dec 30th, 2004

Reviewed By: fajportalen

Please notice that if you buy this program a lot of files and function are missing. and you have wasted your money!

E.g they told you they have 4 mailcomponent, but it only have Cdonts.

And support from this guy is zero, he will never answer you.

WARNING - DONT BUY!, Feb 16th, 2005

Dont buy this emates software. There are a lot of functions missing. The package is not complete and the support is ZERO. No answers on mail.

This is simply FRAUD.

Again - DONT BUY!!!!!!!!!!!!!!

Very poor after sales, Jul 6th, 2005

eMates - demo mode looks very attractive. But the script is not working as per the specifications and showing error messages.

When contacted they gave two email IDs to contact, but both emails are not working and the mails sent are returning back.

Very Very poor service and the language used by them to contact us also is very rough.

Better avoid enthrallweb Products.
