Zoom Search Engine

Hits: 1,635

Description: Zoom is a package for web developers to add a powerful custom search engine to their website in a matter of minutes. No complicated server-side setup procedures, just index and upload from your own Windows computer. Features include: "Google-like" context descriptions, wildcard and exact phrase searching, logging, statistic reports, sort by date options, spelling suggestions and more. Available for PHP, ASP, JavaScript and CGI platforms.
