My Account

My Account combines all the User's information into one. Easy to use control panel.

My Profile - User Create / Edit his/her own Profile.

Upload Photo - User Add / Edit / Remove his/her own Photo.

My Favourites - User Add / Delete his/her Favourite users.

My Preference - Automatic Profile Search based on User's Preference.

Partner Details - User Add / Edit his/her Partner Details.

Email Templates / Events System

Weekly Newsletter to the user, sending his matches for that week when Admin Activate / Suspend his account.

Registration Verification

When creating a new user account, the user is sent an email with a verification code which is used to verify that the email address is real. Then, the user can just click on the provided link and enter their password to verify their account. After Verification User has to complete his profile and his account will be activated by the admin manually after checking whether it contains any unwanted offensive content.

Online Help

Help for users covering General, Registering, Creating Profile, Search, Account Details...
