# Amara Flash Intro and Banner Builder

Hits: 5,916

**Description:** Amara Flash Intro and Banner Builder is the ultimate Flash text effect tool to help the web designer create and design animated Flash intros, Flash banners, Flash ads, Flash pop-ups and any other Flash animation. Amara Flash Intro and Banner Builder is the most feature-rich RAD Flash animation tool available on the Net. With Amara Flash Intro and Banner Builder you can take your own photo and music, and combine them with animated text to create professional looking advertisements, banners intros and more in just minutes.

The Flash Intro and Banner Builder allows you to create simple but also complex animations whereby you can combine different fonts and effects and an unlimited number of text lines in one Flash animation. Amara Flash Intro and Banner Builder saves your settings. All your personal settings for pictures, URL links, fonts, text ,colors, sound etc. ,are automatically loaded the next time you use Amara Flash Intro and Banner builder. But you can also easily change a
