AXML Tell a Friend

Hits: 3,022

Description: An ASP free Tell a Friend script which lets you email an article to a friend. It has other features, like Print Article or List Article. When you use this script, an email is sent to the administrator and also to the friend. It supports many Email Components like CDONTS, ASPXP, PersitsASPMail, Jmail, etc. You can add your email component easily. Very easy to customize and add to your website.
