STGuru Standard Edition

Hits: 1,805

Description: STGuru helps users transfer between Simplified Chinese and Traditional Chinese at professional quality. Full series of transfer services are provided - clipboard transfer, edit area transfer, file / web page transfer and site transfer. Besides GBK / Big5 transfers, it also transfers within GBK table and within, to and from Unicode. High-precision GBK/Big5 recognition mechanism is involved for transfer to be smoother and more intelligent.
