Paid Email Script

Hits: 1,427

Description: This is our extended and improved version of the paid email script. It is builded very similar to the big and well known scripts. This script is fully functional and supports all the features needed today. Here are some features of the script:

Only php 3.x and mysql required,
Referral system with unlimited levels,
Upgraded Memberships to sell,
Advertisements to sell,
Login by usernames,
Supports PHP sessions,
Uses cookies for login and referrals,
You can set if you want to allow your members to have more than one ad open at a time,
You say if and after how many days accounts get freezed,
You decide how many free referrals will be assigned randomly,
Powerfull routine to find cheaters,
IP Adresses will be logged,
You fully control everything,
Everything is easy adjustable,
html templates making it easy to change the sites design.
and much, much more...
