# Xtreeme SiteXpert Standard Edition

Hits: 968

**Description:** With SiteXpert you can create a professional navigation scheme (e.g. DHTML drop down menu, site map tree, portal interface, site index) within a few minutes. No JavaScript knowledge is required. All you need to do is pick a base URL and let the program crawl through your website. SiteXpert can build 10 different navigation system types and comes with hundreds of graphical schemes. Menus and site maps can be easily inserted into existing web pages.
