Search engines are getting more intelligent day by day, beating them became a really tough thing. This is your chance to beat the search engines and even make money with it too.

We guarantee that we only give away 150 copies with resell rights included.

Not one copy more will leave our servers, at no time, not now and not in the future. We limit the licenses to give you a better chance on a high number of sales. To keep you up to date we offer **One Year of Free Upgrades** with this license.

Some software gets sold on thousands of websites, this will never happen to doorways1.1.

150 Licenses only! The earlier you secure your copy, the better it is for your business.

Ask yourself - **how long would it take to turn your investment into profit???**

Lay your hand on a great opportunity to make some serious money now.

Remember again:

We do only offer **150 Resell Right Licenses** for this script and **remove** it thereafter.

Don't let your chance pass by to become a resell rights holder for this great and handy script.

Order it now before the limit is reached, we will never raise it.

Don't forget: We do also include One Year of free updates with your purchase. You will receive all updates done within one year after your

purchase absolutely free and right to your email address.

In order to become a reseller, we will send you a personal Resell Rights License to your email address. This license contains your personal-legitimation code. This is a good site with a number of useful free scripts. One big downside is you are required to disable your firewall before downloading. Sorry but my granny told me never to lower my firewall for anyone.
